

OPENING AN ACCOUNT FOR UKRAINIAN CITIZENS

A BASIC ACCOUNT

is a type of payment account that provides the customer with the opportunity to receive a salary, pension, state benefits, scholarships and other payments, as well as the opportunity to withdraw cash at a credit institution or ATM, make transfers, attach a payment card and make payments with it.

In order to open an account and issue a payment card

1. depending on the chosen bank apply for a visit in one of the branches (by phone or by visiting bank's home page) ✓
2. visit the branch and present a travel document or ID issued in Ukraine, or a TUA (ID) issued in Latvia ✓

- ! Please note that the Latvian personal identification number is assigned after opening an account with a bank and if a Ukrainian civilian wants to change it at the bank, they must bring with them:
- a **certificate** issued by the institution regarding the assignment of a personal identification number;
 - a **personal identification document** (the same document that was presented when applying for a personal identification number);
 - a **status document** or information for a long-stay visa.

More detailed information

In case the waiting time for opening an account in the initially selected bank is too long, please inquire at other banks that offer account opening options.
